Subject: Letter of Recommendation for Mr Amdjed Mohammed Said KHELIFI

To Chinese Government Scholarship Selection Committee:

Dear Respected Sir/Madame,

I came to know Mr Amdjed Mohammed Said KHELIFI as a full-time graduate master student in the department of Mathematics and Computer Sciences, University of Oum El Bouaghi, Algeria when I was his lecturer during the academic year 2024–2025 in the Collective Artificial Intelligence module.

While being a student of mine, I can say with confidence that he was one of the best students I have met over the years. He was committed to his study, and his dedication and high standards in completing whatever was required to succeed was remarkable.

Mr Amdjed Mohammed Said KHELIFI is a very driven and hard-working person of whom I think highly. He has excellent interpersonal skills and is an effective team member with great spirit which makes him suitable for your Phd program.

Considering his current interest, I strongly recommend Mr Amdjed Mohammed Said KHELIFI for admission to your University Phd' program.

If you need more information, please do not hesitate to contact me.

Dear Chinese Government Scholarship Selection Committee,

It is my pleasure and honor to recommend Mr. Amdjed Mohammed Said Khelifi for the Chinese Government Scholarship. I have known Amdjed Khelifi for 2 years and was delighted to serve as his Supervisor at the Artificial Intelligence and Autonomous Things Laboratory. After reading through the criteria of the Chinese Government Scholarship, I strongly believe that you would struggle to find a student more deserving and more in need of it than Mr. Amdjed.

The Scholarship looks for students who demonstrate academic excellence and research potential. Since I have known him, Amdjed has demonstrated exceptional technical depth on multiple occasions. In particular, he was the valedictorian of his first-year Master's program, ranking at the top of his class. Furthermore, in the research project "CARDIAC RISK ASSESSMENT A MULTIMODAL DEEP LEARNING APPROACH," he handled data preparation and model design with precision, producing results that met high research standards.

On a personal level, Amdjed is a young man of strong character who fully embodies all the traits you look for in potential candidates. Specifically, I was astounded by his analytical focus and structured reasoning. When faced with complex Generative AI challenges, he displayed remarkable discipline, coordinating well with other students and keeping steady progress across each project milestone. He approaches problems with a clear communication style and a high degree of professional maturity.

I have absolutely no reservations about recommending Amdjed for this scholarship. I have no doubt he will uphold the standards of the Chinese Government Scholarship program and become a shining member of your community. Please feel free to contact me if you have any questions regarding his character, past academic work, or any other qualifications.

Sincerely,

Pr. MAKHLOUF DERDOUR

Professor and Director of AI & Autonomous Things Laboratory
University of Oum El Bouaghi - Larbi Ben M'hidi, Algeria

Recommendation Letter for Amjed Mohammed Said Khelifi

January 07 / 2026

Dear the UNESCO–China Great Wall Selection Committee,

My name is Belhouchette Kenza, and I am an Associate Professor in the Department of Mathematics and Computer Science at Oum El Bouaghi University, Algeria. I am writing to provide my highest recommendation for Amjed Mohammed Said Khelifi, a student I have had the privilege of teaching in the Natural Language Processing (NLP) module within the Master's program specializing in Artificial Intelligence.

I have known Amjed for the past year, and during this period, he has consistently demonstrated exceptional intellectual abilities, technical proficiency, and a deep passion for artificial intelligence. His performance in my course was outstanding; he not only mastered complex NLP concepts but also applied them creatively in programming assignments and projects, often exceeding expectations.

Amjed's analytical skills and attention to detail are remarkable. He has a natural aptitude for problem-solving and algorithmic thinking, which, combined with his strong coding skills, make him particularly well-suited for advanced AI research. Beyond his technical abilities, Amjed is highly disciplined and consistently meets deadlines, ensuring the quality and rigor of his work.

Moreover, Amjed is respected by his peers for his humility, collaboration, and leadership. He actively contributes to classroom discussions, assists fellow students in understanding difficult concepts, and fosters a positive academic environment. These qualities, coupled with his unwavering commitment to learning, make him a standout candidate.

I strongly recommend Amjed Mohammed Said Khelifi for admission or any scholarship opportunity at your esteemed institution. I am confident that he will excel in his studies and contribute significantly to your academic community, particularly in the field of artificial intelligence.

Thank you for considering my recommendation. Please do not hesitate to contact me for any further information.

Sincerely,

Belhouchette Kenza

Letter of Recommendation

Bilal Belhocine
Head of Infrastructure Engineering Department
Algérie Télécom Satellite

To Whom It May Concern:

This is a letter to certify that **Amdjed Mohammed Said KHELIFI** has done an internship at Algérie Télécom Satellite (ATS), and has successfully finished their internship with great results.

I'm currently the Head of Infrastructure Engineering Department at Algérie Télécom Satellite. I work in the field of satellite communication systems, internet infrastructure, and mobile satellite services.

The internship was for 3 months during summer. The topic of the internship was around building an AI-Driven Handover Control for LEO Satellites. The goals of the internship have been fully achieved and the quality of the results has exceeded my expectations.

I would be happy to answer any question from your side about this internship, either by phone or by email. Please feel free to contact me for any further information. Sincerely,
Sincerely,

Bilal Belhocine
