Constantine, January 6<sup>th</sup> 2026

Dear Admissions Committee,

It is with great enthusiasm that I recommend **Mr. KHARFI ISLAM** for admission to your program. I have had the privilege of knowing him for the past three years as his instructor in Bioinformatics at the National Higher School of Biotechnology.

In addition to his outstanding performance in my regular coursework, **Mr. KHARFI** demonstrated remarkable dedication and intellectual maturity during an advanced bioinformatics workshop I conducted entitled "Genomic Variation Analysis on the Galaxy Platform: Case Study – Cancer." He consistently showed an exceptional ability to quickly master complex concepts and apply them effectively to real-world biological data.

**Mr. KHARFI** is among the most motivated and capable students I have taught. He achieved excellent academic results in my courses.

I am fully confident that **Mr. KHARFI** possesses the academic rigor, curiosity, and professionalism required to excel in your program and to contribute positively to your academic community. I recommend him without reservation.

Best wishes,

Dr. Mohamed Adel Kechkar
